

K-Love services me in my community with information about local concerts, events, and news. I know many friends at my church that listen to K-Love. It is the only christian radio channel I listed too. I love the format that K-Love uses and it is really nice to listen to a channel that promotes our savior Jesus Christ as well as giving you a constant was to worship and listen to those who feel strongly about what they do. Thank You! Tiffani Noah
